

MANY ARRESTS MADE IN SEARCH FOR BOMB PLOTTERS

to operate with the Federal authorities in searching out those who seek to bring this blight upon Pittsburgh," he declared.

Under the direction of Director Charles B. Fritchard of the Department of Public Safety, an "emergency council of public safety" has been organized to combat the radicals. Business men and prominent citizens, under the direction of the Chamber of Commerce, have organized a volunteer body for "home protection."

Extra precautions have been taken by the police to guard public buildings and the homes of city officials and wealthy citizens.

Edgar K. Speer, head of the local office of the Department of Justice, directed Secret Service agents working in this city. He consulted Public Safety Director Fritchard yesterday and it was decided to arrest all persons in any way under suspicion. So busy were both officers that there

was scant time for either to question all the men under arrest. One prisoner at a time was taken to Department of Justice headquarters and questioned briefly.

For months a record has been kept of all leaders and organizers of anarchists or men of I. W. W. leanings. The agents and detectives went directly to the men's homes, where they found them. One was caught in bed with his trousers on. He explained that he kept the windows open and feared neighbors would be shocked unless he slept in his clothes. Another suspect is a man whom the police have prevented from making public speeches.

According to Federal agents, a Tustin Street house, where four suspects were arrested, is a rendezvous for Bolsheviks and I. W. W. agents. When the house was raided a large assortment of Bolshevik and I. W. W. literature was found. The literature was printed in foreign languages.

PRINTER OF RED CIRCULARS IS DISCOVERED IN CHICAGO

Radicals Rounded Up There—Dynamite Found Near Wrecked Auto.

CHICAGO, June 4.—Federal agents to-day searched every known rendezvous of radicals in Chicago for clues which may lead to the arrest of the persons responsible for the Nation-wide bomb outrage. Evidence showing that some of the radical literature used by the conspirators apparently had been printed in Chicago led officials to believe that the entire plot may have been planned in this city.

Proprietors of twelve radical printing shops were taken into custody and questioned by Federal agents. One of the printers confessed that a Russian, whose name he does not know, but whom he can identify, came to his shop recently and gave the order for the radical circulars found in connection with the wholesale murder programme. The suspect also told of other literature of the same character having been turned out by other shops. Later the printers were released but will be closely watched.

Federal agents were kept busy all day questioning suspects taken in eight raids on headquarters of radical groups.

They also are investigating a mysterious explosion in a north side street early this morning in which a

large automobile was wrecked. Three sticks of dynamite and fifty feet of fuse were found in a vacant lot within several hundred feet of the wrecked motor car. No trace of the occupants of the car could be found.

The police declared that the license tag on the car had been issued to Cornelius T. Shea, former President of the Chicago Teamsters' Union and prominent in organized labor circles ten years ago. Shea is being sought by the police.

From Daniel Colvin, arrested several days ago, it was said that a partial confession had been obtained indicating connection of Chicago radicals with others in the east in a bomb plot of wide ramifications. Colvin, said to be an Italian, speaks seven languages and is a bookkeeper. According to the police he admits being an anarchist for four years, coming here from New York and during his leisure hours aiding in the propaganda work of the extremists with whom he is affiliated.

Throughout yesterday and last night the police details established Monday night as the result of the Eastern bomb explosions were maintained at Federal and city public buildings, banks, clubs and homes of Government, State and city officials who have been active in the suppression of radical groups.

POLICE HUNT FOR TWO WOMEN SEEN ON STOOP OF NOTT HOME

(Continued From First Page.)

arouse the curiosity that would have been attracted by men on such an errand, and also because there was a sentimental reason for allowing the women friends of Arbano and Canzone to make the "demonstration" against Judge Nott.

Close examination of the remains of William Boesher, the night watchman, who was blown to pieces by the bomb, brought to light a piece of metal tubing which was undoubtedly part of the bomb. Detectives hope that this may prove to be a clue leading to the maker of the bomb and machinery, and metal experts have been called into consultation with the police and Federal agents on this phase of the case.

Detectives have been sent from this city to each of the other cities in which explosions occurred Monday night in order to study the effects of the explosions and look over such clues as the authorities have collected. Detectives from Washington, Boston and Philadelphia are in New York on a similar mission.

PLOT MAY HAVE BEEN HATCHED IN PHILADELPHIA.

A secret meeting of radicals from many parts of the country was held at Philadelphia on May 24, according to information obtained by Post-Office Department officials, who say there is evidence that the nation-wide terrorist conspiracy was hatched at that meeting.

"Important arrests could be made now," said one of the investigating officials, "but a more thorough job can be done by waiting for some time."

There was no intimation that arrests would be made in connection with the Philadelphia meeting within a fixed period. It might be a matter of hours or days or even weeks, it was said.

"The men who attended the Philadelphia meeting," said the official quoted above, "were of all sorts—Russian, Irish, negroes and some Americans. They came as delegates representing local groups. They spent several days in Philadelphia and may have held one or more public meetings for purposes of camouflage—public meetings of an apparently innocent character. But the plot was formed at the secret meeting, and the delegates had just about time enough after that meeting to go back to their homes and perpetrate the outrages."

"Back of the conspiracy is one central, directing mind. Whether the May 24 conspiracy extended beyond

MONDAY'S BOMBS SET OFF ON ANNIVERSARY OF DAY HERR MOST WAS SENTENCED

Singular Coincidence Between Such Dates and the Occasion of Fresh Outrages.

ANARCHISTS always select the anniversary of some occurrence directly relating to the claim that they are oppressed by the ruling classes as the occasion for one of their demonstrations, and it has been rather puzzling to figure out what anniversary they celebrated by the bomb explosions in eight cities last Monday night—the night of June 2. It was discovered to-day that on June 2, 1886, Herr John Most, the leading anarchist of New York at that time, was sentenced to serve two years in prison and pay a fine of \$1,500 for incendiary remarks made at a meeting of anarchists held in April of that year.

Most was sentenced by Recorder Smyth. Two other anarchists, Brannwen and Rhuch, were sentenced to serve six months at the same time. The explosions on June 2 marked the thirty-third anniversary of the punishment of Herr Most, who died several years ago. His co-worker, Emma Goldman, is now serving a term in the Missouri State Prison at Jefferson City.

BITTER POLITICAL ROW IN ENGLAND OVER WAR

Asquith's Criticism of Lord French Brings Demand for Full Inquiry.

LONDON, June 4.—The controversy between Herbert Asquith, former Premier, and Lord French, former British commander in chief, over the latter's charges against the Government in the first year of the war was developing to-day a bitter political fight. The press was demanding the fullest inquiry. Liberal organs were urging French's resignation, while the Northcliffe press declared that Asquith's speech yesterday failed to deprive the charges in French's book.

the enterprise of yesterday or not is an open question. It may have taken in also the projects threatened for June 11, and possibly for later dates."

U. S. DEPORTING REDS AS FAST AS LAW PERMITS

Commissioner Caminetti to Expel More as Soon as Courts Decide Cases.

(Special to The Evening World.) WASHINGTON, June 4.—A large number of deportations have been made in recent months by the immigration authorities, according to Commissioner Caminetti of the Immigration Bureau, and other Anarchists and Bolsheviks will be deported as quickly as court decisions are handed down in the habeas corpus proceedings.

"The Immigration Bureau is proceeding as rapidly as possible under the circumstances," said Commissioner Caminetti to-day. "Some of the Seattle offenders were offered their liberty on pledges of future good conduct prior to being brought East, but they did not accept this offer. Later, during the habeas corpus proceedings at New York, the offer was repeated, and this time some of them accepted it and were given their liberty on their own recognizance."

"We have a large number of these persons at Ellis Island and I have called on the authorities there for a report on the exact number, with a history of their cases. No action can be taken in some of the cases pending court decisions."

Mr. Caminetti denied reports that Commissioner Howe had protested against the deportation of the Roy sisters. He said that Mr. Howe had merely transmitted the records in these cases to Washington and the women had been deported.

JOHNSON NOT KNOWN UNDER THAT NAME AT 'PEOPLE'S HOUSE' HERE

Secretary Says Man Held in Pittsburgh Might Belong to Radical Organizations Meeting There.

Sargis Youmanshoff, Secretary of the Executive Committee of the "Second Russian All Colonial Convention," which manages the "People's House" at No. 133 East 15th Street, searched the records to-day for a "John Johnson."

"The nearest we have to such a person," he said, "is Ivan Ivanoff, which means John Johnson in the Russian language. But he cannot be the man you mean because he is here now."

"It is possible, however, that the Johnson you mentioned was a member of one of the several radical organizations which meet here. You know we are only one organization, chiefly occupied with the school that we conduct for Russian immigrants. But we pay the expenses of the school by renting meeting rooms for other organizations, such as the I. W. W. Johnson might be in that."

The "People's House" is a large old four-story building where meetings are held on every floor almost every night. The so-called "New York Soviet" meets there, as does also the Russian Dock Workers' International Association. It was there that Mollie Steiner, sentenced to fifteen years for violation of the espionage act, was arrested in the spectacular raid on the night of March 12, when sixty-four were seized.

The place has been known and watched as the headquarters of revolutionary Bolshevism, the source of radical literature. The secretary volunteered the opinion that the recent bomb outrages were the work of "the police," who "hoped to get more drastic legislation against us in the hope of retaining the Espionage Law. We believe in the Soviet Government, but not in bombing."

The meeting rooms are decorated with pictures of Lenin and Trotsky.

WHEN HANSON'S AWAY SEATTLE REDS PLAY; FEAST SEDITIONISTS

Acting Mayor at Banquet to Pair Bound for Prison—Union Banner Hides Flag.

SEATTLE, June 4.—COUNCILMAN W. D. LANE, Acting Mayor during Mayor Ole Hanson's recent absence in the East, and 300 men and women prominent in labor circles attended a banquet last night in honor of Hulet M. Wells and Sam Sadler on the eve of their departure for the Federal Penitentiary to serve a two-year sentence for sedition.

The banner of the electrical workers was hung over the face of a large American flag used as a decoration. Red carnations were used as table decorations and worn by many of the banqueters.

NEIGHBOR OF JUDGE NOTT WHO SAW WOMEN ON STOOP BEFORE BOMB EXPLOSION

MRS. J. E. MUCKENSTURM.

LONDON PRESS ABSOLVES LABOR FROM ANY PART IN BOMB PLOT HERE

U. S. Proved Ability to Handle Outbreak by Stamping Out German Intrigue, Says Telegraph.

LONDON, June 4.—London newspapers to-day gave considerable prominence to the latest bomb plot in the United States. They pointed out that it was a terrorist attack against Federal authority, and in no way connected with the labor movement.

"The danger is that the United States Government may be led to act on the assumption that all protests are Bolshevism and that all agitation is akin to the red terror," said the News. "To do this would be a long step toward consolidating the destructive forces throughout the North American continent."

The Telegraph similarly sees a setback for labor from the excesses of the anarchists. It deems the outrages in the eastern part of the United States as significant and not likely to be connected with the western I. W. W.'s.

"The United States authorities have a hard problem in routing out the peril to the lives of American citizens," the Telegraph said, "but stamping out the German war plots proves they can handle even greater difficulties effectively when roused."

"The bombing of United States officials is an incident in the general Bolshevism movement," according to the Graphic. "It has its counterpart in the spirit of anarchy in Canada. If the British Socialists had succeeded in capturing the police, as they hoped, they would not have hesitated to employ murder and robbery to advance their cause. What is happening in the United States and Canada should enable the most sluggish Englishman to understand the grave peril threatening the civilized world."

BOSTON JUDGE ORDERS ELEVEN ANARCHISTS HELD IN HIS STATE-DEPORTED

Bomb Exploded in Roxbury District Believed Sent From Buffalo.

BOSTON, June 4.—Judge Aldrich of the United States District Court here to-day ordered that eleven anarchists recently apprehended in this State be deported. The men to be deported admit they are anarchists, it was stated, but declared they did not advocate violence.

Judge Aldrich declared that the fact that the men are anarchists was sufficient reason for deportation.

The circulars entitled "Plain Words" found scattered about the houses wrecked by dynamite Monday night, were printed in this city according to an announcement to-day by the police who asserted that they had the printing plant under surveillance.

The bomb which damaged the house of Municipal Judge Albert F. Hayden in the Roxbury district is now believed to have come from Buffalo, where the police say the "Reds" have a bomb factory. It is thought to have been brought here packed in cotton by a messenger who later placed it under the Hayden house.

Ernest Graudet, who was arrested yesterday in connection with the investigation of the bombing of the Hayden residence, was arraigned before Judge Hayden in the Roxbury Court to-day charged with taking part in the May Day riots. No interpreter being available, and Graudet not being represented by counsel, the court continued the case until tomorrow. Graudet denied any connection with the May Day trouble or any knowledge of the explosions.

FORTY-FIVE REDS IN CLEVELAND UNDER ARREST

Most of Those Taken After Attack on Mayor's Home Are Foreigners.

CLEVELAND, June 4.—Forty-five men suspected of being implicated in the dynamiting of the home of Mayor Harry L. Davis were arrested by the municipal police here to-day. The majority of the men were foreigners and so far as known only two ever applied for citizenship papers. Chief of Police Smith said to-day that the police dragnet had been hung to the four corners of the city and nothing to rid the city of the Red peril would be left undone.

Chief Smith has learned that two prominent I. W. W. agitators arrived in Cleveland in the last forty-eight hours, having left Philadelphia after spending several days in that city. Every Federal and municipal operative in Cleveland is searching for them.

The local authorities raided a rendezvous of the radicals last night and seized more than a dozen men. The police also confiscated a red banner, much inflammatory literature and several pictures of prominent Russian Reds. An automobile motor was found mounted in the place and was seized. The men arrested said that they were students at an automobile school and that the motor was part of the paraphernalia of the United States.

It became known to-day that Mayor Davis had received more than a score of threatening letters since the May Day outrages. Mayor Davis and Mrs. Davis called at Police Headquarters to-day to endeavor to identify some of the prisoners taken in the raids. Two men had been seen skulking about the Davis home before the explosion.

YOUNGEST CHILD WITNESS TESTIFIES FOR BROTHER

Ten-Year-Old Girl Knows "God Would Punish Her" If She Told Untruth.

The youngest star witness that ever sat in a chair before Judge and Jury in the Supreme Court is Marion Collins, aged ten, of No. 96 Clymer Street, Brooklyn. She testified to-day before Justice McAvoy, in a suit for \$10,000 damages brought by her six-year-old brother Francis against Morris Solomon, real estate operator of No. 217 Havemeyer Street, Brooklyn. Francis was run down by Solomon's touring car and suffered a broken leg.

Before Marion was permitted to describe the accident, Justice McAvoy asked her if she knew what would happen to little boys and girls if they told an untruth upon the witness stand.

"Why I know that God will punish me," she said, "and the Judge would put me in jail." She was then sworn.

The child then described the accident and said her brother was anxious to get home to play.

WOMAN SLAYER FAINTS WHEN CALLED FOR SENTENCE

Mrs. Wansker Should Have Been Convicted of Murder, Says Judge, Refusing to Quash Verdict.

Mrs. Rebecca Wansker, convicted of manslaughter in the first degree for killing Samuel Silverberg, a tenant, in her home at No. 2809 West 17th Street, Coney Island, April 7, fainted to-day when she was taken before Justice Crosey in Brooklyn for sentence. She was carried to a chair in the courtroom and remained apparently unconscious while her counsel made the usual motions to set aside the verdict as against the weight of evidence.

"Motion denied," said Justice Crosey. "The verdict should have been murder and would have been except for the influence on the jury of the sex of the defendant. She is not helping her case at all by her present conduct. The case is adjourned until tomorrow for sentence."

BLOW TO GOVERNMENT IN COASTWISE LUMBER CASE

Judge Thomas Decides That Books and Papers of Company Were Illegally Seized.

The Government, in the case of officers and employees of the Coastwise Lumber and Supply Company, has reached either the Navy or State Departments and Secretary Daniels said to-day as he doubted any landing had been made. If any men were sent ashore they were sailors.

PETROGRAD NEAR FALL, PREMIER LENINE ADMITS

Bolshevik Leader Telegraphs That Early Capture Is Inevitable.

BASILE, June 4.—The Europa Press reported to-day Premier Lenine had telegraphed that Petrograd was completely surrounded and its quick capture inevitable.

WANTS GERMAN TO WORK EXTRA HOUR A DAY; GIVE PROCEEDS TO GOVERNMENT

Dr. Dernburg, Finance Minister Figures That This Would Be 7,000,000,000 Marks a Year.

BERLIN, June 4. (Associated Press.) Dr. BERNHARD DERNBURG, the Minister of Finance, has evolved a plan to raise for the Government 7,000,000,000 marks a year by means of a "Government working hour."

Herr Dernburg's scheme provides that each worker in Germany shall labor an extra hour each day for which the employers will pay a proportionate wage plus 1 mark overtime. The extra mark will go to the Government. Dernburg estimates that there are 21,000,000 workers and that the plan will bring in more than 7,000,000,000 marks a year.

NEW SPARTACAN PLOT UNEARTHED IN BERLIN

Government Prepares to Meet Attacks at Office of Chancellor and Foreign Minister.

BERLIN, June 4. (Associated Press.)—The Government is said to be planning to combat a violent Spartacan uprising, which will be another attempt to overthrow the Government. It is expected that the centre of the revolt will be Berlin with the Chancellor's office and the Foreign Office as the chief points of attack. Precautionary plans for protecting these buildings already have been laid.

One excuse for the uprising is the escape of officers convicted of connection with the Liebknecht murder. It was learned on good authority that not only did Lieut. Kurt Vogel escape from prison by means of a false release order and get to Holland with a false passport, but that Capt. Fritz von Pfingst-Hurtung and Lieut. Liebmann, convicted in the same case, also escaped at the same time and in the same way.

News of the escape of the last two officers has been suppressed in the German newspapers, because of fear that it might cause a serious uprising against the Government. Sentiment has been bitter against the Government as the laxness which enabled Vogel to escape.

"WET" SAYS SENATOR SCOUTED "DRY" LAW

Simmons Told New Yorker Last November Not to Worry, Latter Testifies.

WASHINGTON, June 4.—Appearing to-day to the House Judiciary Committee for repeal of the Wartime Prohibition Law, Adolph Neurad, Chairman of the Legislative Committee of the Family Wine and Liquor Dealers' Association, declared Senator Simmons, Chairman of the Finance Committee of the last Senate, told him last November the law would take care of itself July 1, and that he might as well "return to New York and not worry."

Questioned by Representative Roavia, Republican, of Nebraska, and other members, Neurad said the conversation took place in Senator Simmons's office. Mark Goldberg, counsel for the association, said he had heard it. He said that President Wilson wanted to "pass the buck" to Congress in the matter of war-time Prohibition repeal. "It is too serious a matter," he told the committee, "for you to get us in this jam by saying it is up to the President."

200 GERMAN CITIES APPEAL TO AMERICA

Magistrates Representing 30,000,000 Ask for "A Peace of Justice."

BERLIN, June 4. (Associated Press.)—The Magistrates of 200 German municipalities, with populations totalling 30,000,000, have signed an appeal on behalf of the German cities to the American people protesting against the peace terms and demanding "A peace of justice," such as was promised on the basis of President Wilson's principles.

A number of American-born women who have become German subjects by marriage are signing a similar appeal to the women of America. This appeal protests also against the continuance of the blockade.

Daniels Doubts Landing of Force in Costa Rica

WASHINGTON, June 4.—No information regarding the reported landing of American naval forces in Costa Rica has reached either the Navy or State Departments and Secretary Daniels said to-day as he doubted any landing had been made. If any men were sent ashore they were sailors.

DIED.—On Tuesday, June 3, JOHN J. Beloved brother of Richard, Michael, Patrick and Elizabeth. Funeral from his late residence, 241 East 53d st., Friday afternoon, 5:30 A. M., there to St. Stephen's Roman Catholic Church, where a solemn requiem mass will be offered for the repose of his soul. Interment Calvary.

LOST, FOUND AND REWARDS

REWARD for return of black fold containing papers left in jacket about 2:30 P. M., June 3, between 100th and 110th St., near 1st Ave., New York City. Reward \$100.00. Return to 110 E. 11th St.

PEOPLE'S HOUSE WHERE RADICAL ORGANIZATIONS MEET NEARLY EVERY NIGHT

133 E. 15 ST.

HOSPITAL PATIENT BEATEN WITH RUBBER CLUB, HE SAYS

Charge Against Brooklyn Attendant Changed From Misdemeanor to Felony by Order of Court.

Charged with beating a patient at the Brooklyn State Hospital with a tightly rolled rubber sheet on May 7, a man giving the name of Thomas F. Scollon, a former attendant, was arraigned to-day in the Flatbush Court, Brooklyn.

The complainant is Albert J. Coffey, another attendant, who says that Scollon wound up a rubber sheet into a club and beat Antonio L. Apollito, a patient, about the head and body. Scollon fled after the alleged assault. He was arrested yesterday at Mamaroneck, N. Y., where he was traced through a letter he sent to the hospital asking for back salary.

After Magistrate Dale had heard the complaint, he said the alleged crime was most atrocious and ordered that the complaint be changed from assault, third degree, which is a misdemeanor, to assault, second degree, a felony. He held Scollon in \$1,500 bail for examination on June 6.

SENTIMENT IN GERMANY FOR AMERICAN CONTROL

Effort to Bring About Some Sort of Alliance or Protectorate Is Widely Discussed.

BERLIN, June 4. (Associated Press.)—There seems to be a widespread demand on the part of Germans that efforts be made to induce America to enter into a sort of limited alliance with Germany or take a protectorate over this country, giving Germany financial aid and protection and taking in return the lion's share of the profits of the country's industrial activities. Privy Councillor Bargmann, formerly a partner in the German Edison companies and one of the largest electrical magnates here, suggests a German-American pact of friendship. America the senior and controlling partner.

WOMAN ON WINDOW SILL 9 STORIES UP DEFIES RESCUERS

(Continued From First Page.)

the window if anybody undertook to enter her room. A moment later she appeared on the window sill of the bathroom, which opens on an inside court, and sat with her back to the court.

The manager of the hotel appealed to Fire Headquarters and Deputy Chief Martin took charge of the effort to save Mrs. Canda. He stationed the men of Engine Company No. 234 in the court beneath the window with a life net, and then brought in Hook and Ladder No. 118's ladders and made a demonstration as though the ladders were to be raised to the window.

Chief Martin called for a volunteer to jump from the tenth floor to the ninth floor, protected by a rope about his waist, to force Mrs. Canda back into the room. Three men stepped forward and Chief Martin selected Engineer Timothy Fitzpatrick of Engine No. 224, a slight young athlete who served through the war as a Second Lieutenant of the Quartermaster Corps. Twelve and a half feet of rope, the exact distance from the tenth floor window sill to the ninth were measured off. One end was tied about Fitzpatrick's waist and a squad of firemen took the other.

Chief Martin blew a whistle and Fitzpatrick leaped from the tenth floor the length of the rope. He swung violently back to the window ledge on which Mrs. Canda sat, and striking her with his feet, knocked her to the floor of the room inside.

As he struck her he blew a whistle which was held between his teeth and a squad of firemen stationed outside the door with axes and crowbars—Mrs. Canda had blocked the use of a passkey by leaving her key in the lock inside—burst into the room. Mrs. Canda was quickly secured.

Chief Martin, who refused to let Fitzpatrick make the attempt until Mr. Canda had signed a release, freeing the Fire Department from blame if Mrs. Canda fell from the window, said he had never seen a braver piece of work.

WOMAN ON WINDOW SILL 9 STORIES UP DEFIES RESCUERS

Twelve and a half feet of rope, the exact distance from the tenth floor window sill to the ninth were measured off. One end was tied about Fitzpatrick's waist and a squad of firemen took the other.

Chief Martin blew a whistle and Fitzpatrick leaped from the tenth floor the length of the rope. He swung violently back to the window ledge on which Mrs. Canda sat, and striking her with his feet, knocked her to the floor of the room inside.

As he struck her he blew a whistle which was held between his teeth and a squad of firemen stationed outside the door with axes and crowbars—Mrs. Canda had blocked the use of a passkey by leaving her key in the lock inside—burst into the room. Mrs. Canda was quickly secured.

Chief Martin, who refused to let Fitzpatrick make the attempt until Mr. Canda had signed a release, freeing the Fire Department from blame if Mrs. Canda fell from the window, said he had never seen a braver piece of work.

Mrs. Canda has been unbalanced since getting letters last summer from her son, who was with the army in France, describing his hardships. She had delusions that he had been sent to France to keep her separated from him, her husband told the police.

Snyder Elected Los Angeles Mayor. LOS ANGELES, June 4.—Former Mayor Meredith P. Snyder was elected Mayor by a plurality of more than 20,000 over Frederick T. Woodman, present Mayor, according to partial returns from yesterday's municipal election. Mayor Woodman was recently acquitted of a charge of receiving money to protect vice.

CANDY PENNY A POUND PROFIT

Trade Mark. Springtime Rumors

HIS is not the first time that announcements have been made through the New York press that the LOFT Candy stores have passed from the control of the LOFT family. This business is still under that control, just as it has been for the past fifty years, and I personally know customers of ours who have been patrons of the LOFT stores from childhood who fully realize that the same old standards prevail as regards

QUALITY AND CLEANLINESS in the manufacture and distribution of LOFT candy. I also wish to say that, with the exception of the stock held by our employees, which was purchased a few years ago, when they were given the privilege of becoming partners, the members of the LOFT family still own this concern. MORE AND BETTER CANDY is our slogan at a penny a pound profit and under the same management as in the past. No change in either QUALITY, PURITY, CLEANLINESS or MANAGEMENT.
